15<sup>th</sup> October 2014

**Chairman's Circular No 7**

Dear Parents,

**Fund Raising Drive 2014-15**

The School community is currently engulfed with preparations for the Inter House Athletic Meet (IHAM), which is the festival of Co-curricular activities of SISM students scheduled to be held in end of the month. The organization works assigned to various committees with the participation of parents who have volunteered their valuable time and energy for the benefit of all the students of the school, are in progress. Financial committee is making all efforts to raise funds through sourcing various sponsorships for trophies to be given for the winners as well as through other forms of sponsorships such as the advertisements pages in the souvenir or sales promotions etc. I believe that the parents are aware that the expenses related to most of the Co-curricular activities are funded through sponsorships and donations extended by the parents and well-wishers, every year.

As you are aware, further increase of school fees is not desirable, since the school has already made a fee revision in January 2014.

In addition to the task of financing the co-curricular activities, the school is currently engaged in a major development work in the forecourt of the school premises, which involves the development of the basketball court and facilities of athletic practices. The development works planned for the academic year 2014-15 include Upgrading of IT infrastructure system, installation of School Information Management System (SIMS), Up-gradation of gas supply system to the Laboratories, Replacement of major part of the Air Conditioning system , modification to the Guard house and the construction of a Sports room.

The most of the development works planned are essential works for smooth functioning of the school with regards to basic academic activities, extra-curricular activities and environmental and safety requirements.

Dear Parents, your participation towards Fund Raising Drive through sourcing Contributions, Donations and Sponsorships from prospective corporate organizations and other well-wishers is vital and essential as the only means available for successful completion of the intended development works as well as the School Events

On behalf of the Board of Directors, I request all parents to rally around the Organization Committees and extend your fullest corporation and support to the Fund raising drive.

Please contact **Mrs. Priya Wickramsinghe ( GSM 99216586)** and **Mr Harrison Fernando ( GSM 92138183)** for further details.

Thanking you,

  
**Ratnasiri Jayasinghe**  
Hon. Chairman
