IT is the Key to the Future

The Board of Directors appointed a Technical Advisory Committee comprising of experts in the field of IT to study the IT facilities in the school and recommend the requirements.

The Committee has made a thorough study and recommended the following:

- Upgrade the capacities of existing servers & fine-tune the existing network.
- Introduce Unified Threat Management solution for better control of Web access.
- Increase the capacities of the Internet bandwidth and obtain alternative sources to handle practical work on time.
- Extend the existing ICT network to the new building.
- Look into the possibility of introducing state-of-art ICT class rooms with interactive smart board technology through few phases.
- Purchase an efficient school information management system integrated with New Accounting Application.
- Install CCTV system around the school to monitor safety standards.

The above project is estimated to cost approximately RO 30,000.000 in the first phase. The Board of Directors is determined to provide these absolutely essential IT facilities to the school. BOD expects that every parent of the school will assist the school in raising funds to implement this project.

Each family in the school is kindly requested to sell or purchase a ticket book containing 3 tickets only and hand over RO 12.000 to the cashier. Every parent who sells the ticket book will be issued 2 free passes for the event.

Organising the event

The Board of Directors highly appreciates the time and energy spent by the teachers in organizing and conducting the Sports Festival and the other functions last term. It is also aware that further involvement of teachers would have a serious adverse impact on the academic work. The second and third terms will be solely dedicated to establishing a solid academic atmosphere in the school.

Hence, the BOD has pledged that the teachers will not be involved in the organization and the conduct of this project.

The organizing committee of the musical show consists of parents just like you. But they are spending their energy and time on realizing the common goal that would benefit your children as well as theirs.

Your part

We kindly request all our dear parents to:

- Understand the importance of this project
- Appreciate the commitment of those who are spending their time and energy on the project
- Assist us by finding sponsors for the event
- Sell or buy the ticket book consisting of 4 tickets that your child brings home.
- Please join us in this endeavor to provide the best, modern education to your child.
